MEDICARE PATIENTS:
Our office will bill Medicare for your office visit and procedures associated with the visits. Medicare typically pays 80% of their allowable and forwards the remaining 20% due to the Secondary Insurance. If you do not have a Secondary Insurance, you will be responsible for the 20% that is remaining. Any remaining balance will be billed to you after payment is received by us from Medicare.

HMO PATIENTS:
The office does not have any contracts as a HMO Provider, thus you would be considered a cash pay patient. All payments for services for services rendered will be collected at the time of service.

MEDI-CAL, CAL-OPTIMA OR MEDICAID PATIENTS:
If you are contracted with Medi-Cal, Cal-Optima or Medicaid, you are considered a cash patient. If you have Medicare and are contracted with Medi-Cal, we will bill Medicare on your behalf. After receiving payment from Medicare, you will be responsible for any additional/remaining charges. We will collect your 20% of Medicare’s allowable at the time of service.
