

Most Insurance Accepted Including AHCCCS

Because “everyone deserves a second chance,” 2nd Chance accepts insurance to ease the financial burden of health care for patients and their families. In addition, our compassionate team is always prepared to answer questions and address concerns so patients and their families feel well-informed about all aspects of our treatments for mental health disorders and addictions.

To learn more about 2nd Chance and our evidence-based methods and treatments or to make a referral, call the clinic nearest you.

2nd CHANCE

We look forward to being collaborative partners in patient care by building solid relationships that lead to clear resolutions for our mutual patients. Please feel free to contact us at (602) 464-9576 with any questions or concerns you may have.

Our Commitment To Quality

We're committed to providing the highest quality of care to those patients you refer to our practice. At 2nd Chance, we build relationships with our referring partners and take a collaborative approach to care. Our team will do the best we can to expedite the appointment process so your patients don't have to wait to receive the care they need. We work directly with our referral partners to evaluate, diagnose and treat patients who come into our practice. Our exceptional team of psychiatrists, nurse practitioners and other health professionals live in our community and strive to provide compassionate care. Our numerous locations throughout Arizona and convenient telepsychiatry services help make mental health care more accessible to those who need it the most. We are dedicated to empowering every individual patient to make informed choices that help enable them to reach their goals through personalized treatment plans, support, and the best practices in integrated care.

How To Make A Referral

As treatments for addiction and mental health disorders continue to progress and evolve, our practice is committed to innovation and the latest evidence-based treatments. We welcome new patients and assure referring providers that we'll take a collaborative approach to care that provides optimal outcomes and improved patient experiences. You can make a referral by contacting our office at (602) 464-9576 and speaking to a member of our care team to help expedite the process.

www.2ndChanceTreatment.com

“I've gone through many different practices before finding 2nd Chance and this is the first time I've felt satisfied and taken care of. My doctor makes me feel like I'm a partner in my treatment plan and the medications I'm taking instead of dictating what I take. I couldn't be happier with my experience here.”

What Sets Us Apart

At 2nd Chance, we have a proven history of success in helping our patients achieve optimal well-being and lifelong recovery. We pride ourselves in offering compassionate, private, and innovative treatment options for mental health disorders and addiction. We are one of Arizona's leading providers, with offices conveniently located throughout Arizona.

Our care team addresses opioid and alcohol use disorders and the management of co-occurring psychiatric disorders with a unique treatment model based on the most up-to-date medical and psychiatric research. This model employs medication plans, behavioral therapy, and patient and family education to improve treatment outcomes for our patients.
