Other advice:

- At 6 months begin to use a cup at some feedings
- Start your baby on solid foods after 4-6 months old when baby:
 - can sit with support
 - has good head control
 - opens his/her mouth for the spoon
- Feed your baby one new food at a time and wait 3-5 days before starting another.
- Do not add sugar, corn syrup or any sweeteners to foods or drinks.
- Honey should not be fed to babies less than 1 year of age.
