## Introducing The Curb Semaglutide Program by Dr. G's

### Now Offering Semaglutide Injections

Combined with our complete medical program and natural products, we help you shed pounds with just one weekly injection! Semaglutide injections control blood sugar levels and manage weight by helping you feel fuller for longer. Combined with diet, exercise, and our complete medical program, we help you lose weight and keep it off.

### Remember: You're Not Alone

We offer a complete program with natural products, a nutrition coach, medical exams, monthly medical consultations, an exercise app, and much more.
