If you are currently taking any weight loss medications like:
Lomaira (phentermine hydrochloride): available as a tablet
Ionamin (phentermine resin): available as a capsule
Suprenza (phentermine hydrochloride): available as 7 orally disintegrating tablets
Qsymia (phentermine hydrochloride and topiramate): available as a capsule
Adipex-P (phentermine hydrochloride): available in capsule and tablet form
PLEASE STOP taking any of these for 7 days prior to your procedure

Iron: If you are having a colonoscopy, please stop the iron four (4) days before the procedure. Iron can interfere with the preparation resulting in a poorly cleaned colon. You do not need to stop iron if you are only undergoing upper endoscopy.

Antibiotics for procedures: According to the latest guidelines from the American Heart Association and the American Society for Gastrointestinal Endoscopy, antibiotics are NOT required for any routine upper endoscopy or colonoscopy. If your physician insists on you being on an antibiotic, please ask them to prescribe and instruct you on how and when to take the antibiotic.

Insulin: Please contact your prescribing physician and inform him/her that you cannot eat or drink after midnight before your procedure, then ask for instructions on how to adjust your insulin dosages.

Herbal Medications: It is best to stop any herbal remedies five (5) days before the procedure as many of them can thin the blood and increase risk of bleeding during or after the procedure.

Additional Information:
Approximately 3 business days prior to your procedure, you will be receiving a phone call reminding you of your appointment. If you are not home, a message will be left on your answering machine/voicemail. Unless you want to cancel or reschedule your appointment, it is not necessary to call the office to confirm. We will assume you are keeping your scheduled appointment unless we hear from you.

We also suggest that you contact your insurance to verify coverage for colonoscopy. Some insurance plans cover colonoscopy for colon cancer screening or routine/preventative care. Other plans only cover colonoscopy if you are having symptoms, or they may say it's covered only if "medically necessary". There are many different insurance companies, and each individual plan is different.

You may visit our website (www.gatewaygi.com) for more detailed information regarding the physician you will be seeing, and other services offered. You may also check our FAQ's for commonly asked questions that you may have about your upcoming procedure.

At Gateway Gastroenterology, procedure appointments are scheduled so that there is adequate time to prepare you for the procedure and for the procedure itself. We urge you to keep your appointment and arrive **ONE HOUR** before your scheduled time. As a courtesy, text messages and or email will be sent in advance to remind you. Please take a few minutes to read this important information regarding our financial policies. We will gladly discuss your proposed treatment and answer any questions you have related to your charges:

For billing purposes, there are separate service components for which you will be billed separately:

1. **Physician Professional Charge:** We will bill this charge for you. This billing is for the physician's professional services that are provided during your procedure.

2. **Facility Charge:** The facility bill will be based on the type and number of procedures being performed. The charges will be billed under St. Louis Women's Surgery Center, LLC, dba St. Louis Multispecialty Surgery Center. When calling your insurance to verify benefits, use Tax Id# 68-0526281 or NPI# 1154400471.

3. **Laboratory and Pathology Charge:** If you have a biopsy taken or polyp(s) removed, you will receive a bill from the laboratory that processes your pathology. In some cases, the laboratory and pathology charges will be billed by Gateway Gastroenterology.

The charges will be billed under Comprehensive Anesthesia Corporation. When calling your insurance to verify benefits, use Tax Id# 43-1727554 or NPI# 1215975156.

Payments made to the facility on the day of the service are credited towards the facility charge only.

If you have insurance, we will file a claim for you. Please understand that your insurance is a contract between you and your insurance company and that complete payment to us is ultimately your responsibility. Under certain circumstances some insurance carriers may not always cover or may deny payment for services provided. Our office will bill your insurance first. After your insurance processes the claim, we will forward a statement to you if there is any patient responsibility. Please remit payment in a timely fashion or call the office to make payment arrangements.

If you belong to an insurance plan, we will follow guidelines set forth in those plans. Please be sure to contact your primary care physician **if** your insurance requires a referral. Services cannot be rendered if proper authorization has not been given. We **DO** participate in Medicare.

If you do not have insurance, payment for services is due at the time services are rendered unless payment arrangements have been approved in advance. To assist you, we accept checks, MasterCard, Visa, and Discover.

We recognize that temporary financial problems may affect timely payment of your account. If such problems arise, we encourage you to contact us promptly for assistance in the management of your account. We are willing to work with you, but we need you to communicate with us. We do use outside agencies as a means of collections should we deem it necessary.
