

## Tri-City Radiology CD Request

Tri-City Radiology has a fully integrated PACS, which allows the department to be filmless. This state-of-the-art system stores images electronically as digital data, providing patients and physicians less wait time, faster examinations and no lost film. All modalities are digital and stored on PACS. Please remember that we require 24-hour notice for all CD requests. If the patient is unable to pick up their films, this form, indicating permission below, must be brought to the department and picture ID must be provided by the person picking up the CD.
