

FINANCIAL INFORMATION:

Our business office team is glad to submit the claim to your insurance company. The billing department will notify you in advance of any co-payment or deductible due 48 hours prior to your scheduled procedure. For your convenience, we accept cash, credit card, check or Care Credit. Your surgery coordinator can assist you in qualifying for Care Credit if necessary. Please contact our facility coordinator at (941) 758-8818 prior to the day of surgery to make necessary payment arrangements. You may pay less for this procedure or service at another facility or in another health care setting.

Services may be provided in this facility by the facility as well as by other health care providers who may bill the patient separately and who may or may not participate with the same health insurers as the facility. To ensure that the patient incurs the lowest out-of-pocket expenses, every effort will be made by our staff to use laboratories that participate with the patient's insurance carrier.

Patients and prospective patients may request from this facility and other health care providers a more personalized estimate of charges and other information. Patients and prospective patients should contact each health care practitioner who will provide services in the ASC to determine the health insurers and health maintenance organizations with which the health care practitioner participates as a network provider or preferred provider.
