Dear Dr. Crivello,

Congratulations! You have been named as a *Select Surgeon* in Bone and Joint Surgery.

Select Surgeons took a comprehensive look at New Jersey's Bone and Joint Surgeons, reviewing 10 criteria across 13 procedure categories to arrive at an elite list of leading New Jersey bone and joint surgeons. With only the top surgeons named in each category, it is an exceptional honor to be included.

In an exclusive arrangement with *New Jersey Monthly*, **Select Surgeons** will publish the names of the doctors on their Bone & Joint Surgery list in the September issue of the magazine.

New Jersey Monthly is also offering doctors on the **Select Surgeons** Bone & Joint Surgery list exciting marketing opportunities. Choosing to take advantage of these opportunities does not affect your status as a doctor on the **Select Surgeons** Bone & Joint Surgery list. Photography and videography will be arranged at your convenience. I hope you'll take the time to consider these marketing options.

Sincerely,
Ray Talamini
