ICON SKIN REVITALIZATION

A non-ablative treatment in which fractional microbeams penetrate deep into the epidermis and dermis to stimulate collagen and initiate a natural healing process that forms new, healthy tissue. Fractional Laser Resurfacing treatments improve fine lines and wrinkles, sun damage, melasma, acne scarring and stretch marks.

SKIN REVITALIZATION

- Reverse signs of sun damage
- Remove unwanted facial veins
- Reduce uneven skin tone and rosacea
- No downtime

SCAR REMOVAL

- Improve the appearance and texture of scars
- Quick, non-surgical treatment
- Forget the past, reveal a clear future

SKIN RENEWAL

- Unveil radiant skin on your face and body
- Reverse the signs of sun damage
- Smooth wrinkles and improve overall texture

SCULPSURE NON-SURGICAL LASER BODY CONTOURING

Non-invasive laser body contouring that helps you achieve a natural-looking, slimmer appearance.

Even with diet and exercise, most people have stubborn pockets of fat that seem impossible to lose. SculpSure's body contouring technology is able to target and destroy the targeted fat cells safely in just 25 minutes without affecting the skin's surface.

There is no recovery time following treatment, so you can resume your daily activities immediately. Most patients need multiple treatments to achieve optimal results.
