May 21, 2018

Dear Parents and Patients,

After many years of practicing Pediatric Medicine it is with mixed feelings of sadness and joy that I announce my retirement effective May 21, 2018.

My husband is a physician and now retired. It is my desire to spend time with him and family that I treasure, and so this has compelled me to make this decision at this time in my life.

I feel fortunate to have had the opportunity to practice medicine with such wonderful parents and patients. It has truly been a labor of love.

Most of you are familiar with at least one or more of the remaining physicians at Irvine Doctors of Kids and Teens. After working in a close partnership with each of them for many years, I have complete confidence that you will find them to be concerned and superb physicians able to continue your care without interruption.

Your medical records will remain confidential and secure within the group.

Those of you that have HMO Insurance will need to contact your health insurance plan and assign one of the Irvine Doctors as your Primary Care Physician. Our Billing Department Staff are here to assist you with this process.

Thank you for so many years of mutual respect and affection. I will miss you all.

Sincerely yours,

Anna Chavez, M.D.
