

Notification of separate Medical Practices

The following is a notification to all patients that the practices listed below are distinct and separate entities in the practice of medicine:

Placer Medical Center, Inc Shailaja Menon, MD Internal Medicine	Phoenix Health and Wellness, PC Bertina Hooks, MD Internal Medicine
---	---

The above practices may share common office space at **576 N Sunrise ave # 210, Roseville CA 95661**, as well as some of the same medical support staff.

As a convenience to patients of either of the above medical practices, in urgent cases and for patient convenience and continuity of care, patients may choose to see the other practice at the location. For this purpose, in the usual professional confidential manner, the patient chart will be available to other physician. In such urgent/patient convenience visits, the physician seeing the patient will be responsible only for that said visit, not the medical care rendered before or after such visits. (That is each doctor will be responsible for his/her own practice visits.)

Patients of the above medical practices are therefore informed that:

1. The medical practices of Placer Medical Center, Inc, Shailaja Menon, MD and Phoenix Health and Wellness, PC, Bertina Hooks, MD are distinct and separate.
2. Neither practice assumes responsibility, nor endorses the method, content, delivery, etc of the practice of medicine of the other.
3. In cases of "cross coverage" for urgent care/ patient convenience visits, the "covering" physician will be responsible for his/her visit only, and not the any medical care rendered by the other medical practice before or after such visit.

Patient hereby acknowledges he/she had read the above, understands teh above, and has been given the opportunity to ask questions regarding the above to fully understand this and the agrees to the above information.
