HEMORRHOID TREATMENT INSTRUCTIONS

PROCEDURE PREPARATION INSTRUCTIONS:

1. Do not eat or drink anything after 10pm the night before your procedure
2. Take one enema two hours before you go to sleep the night prior to the procedure. Take a second enema two hours before leaving your home the morning of the procedure
2. If you take medication for high blood pressure, please take this medication on the morning of your procedure with a small sip of water
3. You may not drive on the day of the procedure.
4. Please notify us if you take any diabetic or blood thinning medications as you may have special instructions.

Please call 212-777-6017 with any questions or concerns.
