

AUGUST 2018

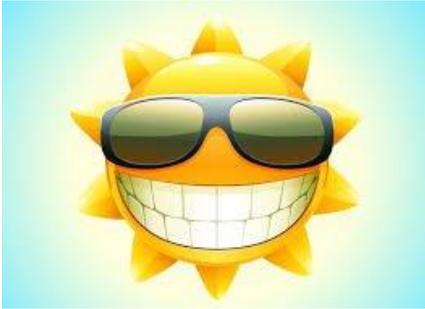

HEAT & TEETH

HEAT STROKE & TEETH. Besides being extremely hot, the heat can also wreak havoc on your oral health. You are getting dehydrated, your body is losing fluids & your mouth is getting dryer. Less saliva means the possibility of more bacteria, weaker teeth, gum disease, cavities, bad breath & possible mouth sores. **BEAT THE HEAT** for the rest of the summer by:

- * Staying hydrated, drink lots of water
- * Use a sunscreen
- * Stay in the shade

Visit Dr. Gary Green especially if you have had long exposure in the sun. Dr. Green can perform an oral examination to see if there are any issues that need addressing before

they become more serious. Stay healthy the rest of the summer. Call **973-228-0252** or visit our website at: www.GaryGreenDentist.com

Don't forget to make that Hygiene Ap- pointment!

...make that appointment before school starts for the kids. Hygiene appointments are simple, thorough & necessary! Melissa, our hygienist, will keep your smile dazzling throughout the school year. Need something more? Talk to Dr. Green about implant dentistry. Get an expert consultation at no cost!

NEW PATIENTS ... SAVE 10% off your Hygiene Appointment now through September 30th. Especially for NEW PATIENTS or CURRENT patients that REFER NEW PATIENTS.

*Dr. Green is a
Certified MEDICARE Provider*

** For surgical procedures
and implants for qualified
patients.*

Medicare

Dr. Green is one of only 1% of U.S. Dentists certified to treat Medicare patients. In our Caldwell, NJ practice, he can conduct

a thorough examination to determine whether your oral health needs require a medically necessary intervention. This program could potentially save you thousands of dollars. Call for a consultation! **973-228-0252**. Learn more about our Medicare program by visiting our website: www.GaryGreenDentist.com. Go to the MEDICARE PROGRAM tab.
