**FOUNDATION APPLICANT INSTRUCTIONS AND AUTHORIZATION:**

**Please read through this information carefully. If you have any questions, please talk to your health care provider's office.**

I hereby attest and certify that the information provided here is complete and accurate. I understand and agree that the foundation(s), and their authorized third party agents, may use my demographic information, including but not limited to, my social security number, date of birth, name and address to obtain information about me from third parties to evaluate my application for financial assistance from a foundation. I authorize the foundation(s) and their authorized third party agents to obtain consumer records about me, including my credit information and other information derived from public and other sources in order to estimate my income and determine my eligibility for financial assistance from the foundation. AccessPlus has been advised that the soft credit inquiry used in the application process does not impact the patient's credit score. I also authorize the foundation(s) and their authorized third party agents to obtain information about me from sources of information other than consumer reporting agencies in order to assess my eligibility for financial assistance from a foundation.

I understand that the foundation(s) and their authorized third party agents reserve the right to ask for additional documents and information at any time. I also understand that the financial information I report may be subject to an audit, as deemed necessary by the foundation(s) providing financial assistance to me.

I further understand that any false or incomplete information I provide to the foundation(s) could unduly harm the foundation, its reputation, and its tax-exempt status and, therefore, may also constitute fraud for which I may be legally liable. I understand that any financial assistance provided to me by a foundation may be recouped, if the foundation becomes aware of any inaccurate information or fraudulent activity relating to the application or the assistance provided.

I understand that assistance is not guaranteed or promised. Any assistance the foundation may provide is limited to the terms and conditions established by the foundation. The foundation reserves the right at any time, and for any reason, without notice, to (1) modify the application form, (2) modify the eligibility criteria, or (3) modify or discontinue any assistance.

This authorization is effective for 1 year from the date set forth below with my signature.

## PATIENT AUTHORIZATION AND NOTICE OF RELEASE OF INFORMATION

### AccessPlus Program

AccessPlus is a free program offered to you from Alimera Sciences. AccessPlus works on behalf of you and your health care provider to research and coordinate your health insurance coverage for ILUVIEN, assess your out-of-pocket costs associated with ILUVIEN based on your health insurance benefit plan, refer you to programs or foundations that may be able to provide assistance to you for the costs of ILUVIEN and to assist with determining your eligibility for the AccessPlus CoPay Program which helps you pay for ILUVIEN. We assist people who have a health care plan as well as those who do not.

If you do not have a health care plan, or your plan will not pay for ILUVIEN, we may be able to help. If you meet certain financial and medical criteria, we can supply free medication. This is done through the AccessPlus Patient Assistance Program.

For us to help, we need to look at, use and disclose your protected health information (PHI). Your health care provider and health care plan can disclose your PHI to us only with your written authorization. By signing this authorization form, you are authorizing your health care provider and health care plan to release your PHI to us, and you are authorizing us to disclose your PHI as necessary to perform services for you. Once you sign this form and it is sent back to us by you or your health care provider on your behalf, we can start to provide these services.

You can choose not to agree to this authorization; however, it is important for you to understand that we cannot provide our services without your authorization. This means you might need to pay for ILUVIEN on your own.

### Patient Authorization to Disclose/Use Health Information

**Please read through this information carefully. If you have any questions, talk to your health care provider's office or call us at 1-844-445-8843, Option 3.**

I hereby authorize my health care providers, health care plans, insurers or programs that provide me healthcare benefits and any specialty pharmacies to disclose to Alimera Sciences and its representatives (including RxCrossroads) and contractors (together "Alimera") my protected health information ("PHI"). This includes all of my health records relating to my treatment, information about my health care plan benefits and any information having a bearing on my health or my treatment with ILUVIEN.

I understand that my specialty pharmacy provider may receive remuneration from Alimera Sciences in exchange for disclosing to AccessPlus my health care plan benefits, including PHI, for treatment with ILUVIEN.

My PHI may be used only in these ways: operating and administering of the AccessPlus program, reviewing and providing assistance in connection with my health care plan coverage for ILUVIEN, applying to the AccessPlus Patient Assistance Program, determining eligibility for alternative forms of coverage and sources of funding, coordination of prescription fulfillment through a pharmacy, tracking my use of ILUVIEN, and for the administrative purposes of Alimera Sciences representatives.

This authorization and notice of release is effective for 3 years from the date set forth below with my signature. Once I sign this form, I know that my PHI might not be covered by any federal law that restricts the use and disclosure of my PHI. There is no guarantee that my PHI might not be released to a third party. This third party might not need to follow the conditions of this authorization and notice of release. However, Alimera agrees to protect my PHI by using and disclosing it only for the purposes authorized herein or as required by law.

I know I can choose not to sign this form. I may withdraw authorization at any time and for any reason. This will not affect my eligibility to obtain medical treatment with ILUVIEN and will have no impact on my treatment by my health care provider. To withdraw authorization, I must send a written notice to Alimera Sciences. It can be sent by fax to **1-844-501-7161** or by mail to **Alimera Sciences, AccessPlus, c/o RxCrossroads, PO Box 5873, Louisville, KY 40205**. Alimera shall provide timely notification of my withdrawal (revocation) to my health care providers, health care plans, insurers or programs that provide me healthcare benefits and any specialty pharmacies. Once they receive and process the notice of withdrawal (revocation) of this authorization, they may no longer disclose my PHI to Alimera. However, cancelling this authorization will not affect Alimera's ability to use and disclose my PHI that it has already received (unless the laws of my state prevent Alimera from continuing to use and disclose such PHI). This withdrawal goes into effect once it is received by Alimera Sciences. If I do not sign this form or if I withdraw my authorization, Alimera Sciences will not be able to help me with the AccessPlus program.

I understand that I, as the patient or signer, have a right to obtain a copy of this signed authorization and notice of release. I have read this document or have had it explained to me. By signing this form, I know I am authorizing the release and disclosure of my PHI as discussed above. Please complete all of the information below, and be sure to sign and date this form so that there is no delay in starting the AccessPlus program services.
