

MDTEC

Dear Patient,

Welcome to Maryland Diagnostic & Therapeutic Endo Center. We are pleased that you have chosen us to provide your health care services. In advance of your procedure, we are required to provide the following information:

A Maryland law called the Health Care Decisions Act says that you can do health care planning through “Advance Directives”. An Advance Directive can be used to name a health care agent. This is someone you trust to make health care decisions for you. An Advance Directive can also be used to say what your preferences are about treatments that might be used to sustain your life. If you desire more information about Advance Directives we have the Maryland Advance Directive: Planning for Your Future Health Care Decisions information available. If you desire to review this material please ask the receptionist for a copy during your admitting process.

Patients may present an Advanced Directive, however it is the policy of this facility that it will always attempt to resuscitate a patient and transfer that patient to a hospital in the event of deterioration. The Advanced Directive is kept with your medical record and will be supplied to the receiving facility in the event of a transfer.

Please be sure to bring your referral and current insurance card. It is important that we have accurate insurance information for billing purposes. If you should arrive without your referral or current insurance information, you may have your procedure canceled.

If you are unable to keep your appointment, please give Maryland Diagnostic & Therapeutic Endo Center a 48-hour notice so that we may accommodate other patients procedural needs. Unfortunately, if we do not receive a 48-hour notice of your cancellation, you will be responsible for a \$100 broken appointment fee.

Additionally, we would like to inform you that the following physicians have ownership interest in the Maryland Diagnostic & Therapeutic Endo Center located at 621 Ridgely Ave, Suite 101, Annapolis, MD 21401:
