## That Practice in the Northwest Atlanta Area

You will need to call the pediatrician's office 2 months before your due date to ask them to be your baby's pediatrician and make sure they accept your insurance. If the pediatrician you choose does not practice at Kennestone Women and Children's Center, we will be happy to arrange for an on-staff pediatrician to see your newborn during your hospital stay, and then after your newborn is discharged from the hospital, he/she can be seen by your chosen pediatrician.
