

PATIENT FINANCIAL POLICY

We accept payment by cash, check, Visa, Mastercard, Discover and American Express. There is a \$25.00 fee for checks returned for insufficient funds.

We participate with most insurance plans, including Medicare and Medicaid. We collect any copay or deductible at the time of service. There are many plans that now apply a deductible for office visits and procedures performed in the office. Examples of procedures performed in our office are CT scan sinus and ear, flexible laryngoscopy, nasal endoscopy, thyroid ultrasounds, biopsies and excisions. Please feel free to ask us if you have a question regarding costs anytime during your care.

Medicaid patients need a referral from the Healthy Connections Provider. If we have not received an authorization prior to your arrival at our office, your appointment may be rescheduled or you may be asked to pay for your visit on that day if you do not wish to be rescheduled.

If your visit is work related, please have your employer call us and indicate that they are responsible. We will need the name and address of the workers compensation insurance carrier as well as the case number in order to bill for services.

If a child needs to see Dr. Baker, a parent or legal guardian must accompany patients under the age of 18 at the time of the visit. This accompanying adult is responsible for payment of the account.
