

Calling all travelers!

Visiting **Asia** or **Africa**?

Get paid \$300 for completing a study on prevention of travelers' diarrhea! The New York Center for Travel and Tropical Medicine is assessing if using Pepto-Bismol can help you stay healthy during your travels. All eligible participants will receive a \$300 gift card after participation in the study is completed.

We have partnered with the Centers for Disease Control and Prevention (CDC) and the Procter & Gamble Company for this study. After confirming your eligibility you will submit a pre and post travel stool sample and complete a questionnaire during your travel.

We're looking for travelers ages 18 to 70 who will be traveling between seven and twenty-one days to the countries listed below.

To discuss the study parameters or to find out more information please contact our office or scan the QR code below.
