I'm excited to be a part of the CARS family! I am a firm believer that life often points us in the direction of where we can be of service. I look forward to serving our referral sources and community members in providing an empathetic and friendly admissions process for those in need.

When I'm not working, my passions include my two grandsons and a third one due any day, making quilts, crafting custom handbags, wallets and all sorts of embroidered items as well as spending time in my kitchen trying new recipes.
