SUCCESS STORIES

“When I delivered my twins in September 2008, I weighed 235 pounds and when I saw myself in the mirror I was devastated thinking I would never get the weight off,” shares Amanda, who also has a family history of obesity. “My OB/GYN started me on **WINOmeg3complex™** when I was pregnant. A few months after I gave birth and stopped breastfeeding he suggested I try some of his health and wellness weight management products. And I was **AMAZED** at the results!” Amanda excitedly relates. “Combined with a healthy diet and daily exercise, WIN’s products really helped kick my metabolism into high gear! Since giving birth I have lost 94 pounds and I am wearing a size 4! I have kept the weight off and I look and feel better than I ever have — at 37 years old! I felt like my body had literally become a fat-burning machine — yet I didn’t feel jittery, anxious, or moody like I had when taking other diet, weight-loss or energy pills. I noticed how I was always in a great mood and focused throughout the day. I am stronger, have more energy, and am more self-confident than ever.”

Carla tried losing weight time after time, with no results. She finally came to the point where she accepted that she would always be overweight. “That’s just me, I’m just going to be that size,” Carla resigned after years of battling the bulge. Telling herself it just wasn’t possible for her to be any slimmer. She hid from cameras, dressed in dowdy clothing and didn’t have the energy to enjoy life.

Carla was soon introduced to WIN’s weight management line. After only two weeks, she was shocked as pounds began melting from the very body she thought would never change. “I lost 64 pounds and four dress sizes! I feel GREAT and I have more self-esteem and energy. I feel like I’m 10 years younger!” exclaims Carla of her dramatic weight loss. She has renewed her passion for life, enjoying activities like shopping, playing with her dogs, bicycling and exercising. “I have the energy to do anything I want!” says Carla, adding that she feels like a new woman with a whole new look. Carla isn’t looking back, now she’s looking forward to the future, loving the woman she’s

become not only on the outside but inside as well — confident, energetic and full of life.
