

## Dr Karkhanechi, D.D.S.

**To our patients with insurance:**

**As a courtesy to our patients with insurance, our office bills and accepts insurance benefits.**

**We do our best to collect these benefits on your behalf. Please be advised that there are times when insurance benefits stop due to employment changes or incorrect information.**

**Always keep in mind that all charges incurred in our office are the responsibility of the parent (if patient is a minor) or the patient (if the patient is an adult).**

**Please advise our office if you wish to enter into a contract with us for the total fee and take the responsibility to filling your own insurance claim forms. All insurance benefits would go directly to you.**

**If our office collects your insurance benefits, two separate accounts are established. One account will be the patient responsibility and the other account would be the insurance liability. If the insurance does not pay the total estimated amount, your personal account will be adjusted accordingly.**

**Signed:** \_\_\_\_\_

**Dated:** \_\_\_\_\_

- I accept your insurance policy.**
- I will do my own insurance billing.**
