Cornerstone Hospice's
Mike Conley Hospice House
~ Clermont, Florida ~

Since 1984, the staff and volunteers of Cornerstone Hospice have been committed to the mission of providing compassionate care to our patients, their families and the community we serve. Cornerstone is a 501(c)3, not-for-profit community healthcare organization which provides end-of-life care to over 1,300 patients daily in seven Central Florida counties.

Cornerstone provides services to all individuals facing life-limiting illness and their families regardless of their ability to pay. Cornerstone helps patients and their loved ones work through the many challenges of life's final journey. To continue this excellent end-of-life care and to enhance its services, Cornerstone Hospice needs community support. Each gift is greatly appreciated.
