HUTTON KLEIN
HK
DERMATOLOGY

Office Updates....

§ Please join us in congratulating Dr. Klein on his March speaking engagement at the Annual Meeting of the American Academy of Dermatology. Dr. Klein gave a one-hour lecture sharing his expertise on recent advances in techniques for skin surgery totally by local anesthesia. Over the years, Dr. Klein has received many awards for his contributions, most notably, the 2008 America Society of Cosmetic Dermatology and Aesthetic Surgery Life Time Achievement Award and the 2016 American Academy of Dermatology Eugene J. Van Scott Award for Innovative Therapy of the Skin and Phillip Frost Leadership Lecture. Dr. Klein is currently a Clinical Professor of Dermatology at UCI.

§ Our website (kleinmd.com or hkdermatology.com) has a new look, but don't worry... we are still the same practice. Soon, we will add a feature for making appointments online, as we recognize that some patients may find it easier. As always, we welcome your calls and strive to answer every phone call with a live friendly receptionist! In our quest to provide patient convenience, some of the new website features implemented in the past six months include an online store for some of our skin care products, online billpay, online patient registration forms (although we apologize there is a temporary glitch in the new patient packet but it will be working again soon)!

§ In keeping up with this digital world, we are asking our happy patients to assist us by leaving a positive review on Yelp or Google. Studies show that new patients look at reviews before choosing a doctor. Your positive reviews are greatly appreciated. We also encourage you to "check in" on yelp for a free give-away. Lastly, we will be sending emails or texts to our patients to inquire about your satisfaction. We welcome your feedback.

§ We are implementing a new scheduling, registration and billing computer system at the end of March. The system will provide many upgrades and benefits for staff and patients. Please be patient with us while we learn the new system.

§ Dr. Norma continues to offer "Virtual Appointments" for patients that can't wait for the next available in-office appointment, can't miss school or work, or need to be "seen" prior to getting a refill. Go to our kleinmd.com website and click on "**Start an Online Visit!**"

§ *Keeping your body and skin healthy:* We are continuing to promote the miiskin app to help patients monitor themselves for new or changing moles, which can be a sign of melanoma. Please call for an appointment at the first sign of a changing mole. We have also introduced a new product, HelioCare Advanced, with Nicotinamide. **Nicotinamide** is a water-soluble vitamin B3 that acts to prevent photo-ageing and non-melanoma skin cancers. We also offer HelioCare Plus, a supplement containing *Polypodium leucotomos* fern extract. **Studies** have shown it has been successfully used to treat pigmentary disorders such as melasma.

§ *Keeping your body and skin beautiful:* It is time to start thinking about "Bathing Suit Season"! Be sure to visit kleinlipo.com for more information about Tumescant Liposuction. Book your free consultation appointment with Dr. Klein or Dr. Norma, and **schedule and pay for your liposuction between now and April 30, and receive a free IPL with nurse Michele**. Michele used to be a Cynosure Clinical Trainer on this laser, and is highly skilled with IPL **Photo-facial**, Fractional & Laser Hair Removal.

**Please join us in wishing
Happy Birthday to Suzan....**

Many of you won't recognize Suzan, as she works "behind the scene" as our practice accountant. Suzan is also the accountant for HK Surgical, our sister company that manufactures and sells liposuction instruments and supplies to physicians around the world. Suzan has been with the company for over 7 years. Happy Birthday Suzan!

Liposuction 101

March 14-16, 2019

Dr. Klein and Dr. Norma

**have been providing intensive training to Surgeons
from around the world since 1995.**
