Aftercare Instructions for Condylectomy Procedure

Leave the bandage on for 48 hours after procedure.

After 48 hours, you may remove bandage and shower ONLY. Do not bath or submerge foot until told to do so.

After showering, apply a topical antibiotic to the site and cover with a Band-Aid.

If you experience increasing pain, swelling, redness or drainage after the first week, please call our office.

Keep activity moderate, as tolerated. Refrain from wearing tight shoes for at least the first 2 weeks.

If you have any questions or concerns, please call the office at 239-277-7070.
