

At ReVision Visual Training we recommend two 45-minute therapy sessions per week. Initially, we will perform 16 vision therapy sessions over the course of 8 weeks. A progress evaluation will then be performed to assess whether further vision therapy is needed. If needed, additional vision therapy will be 8 sessions with a separate progress evaluation over the course of 4 weeks.

Materials

There is a one-time material fee payment of \$30. This covers all necessary equipment that you will take home to perform assigned homework activities. When you finish vision therapy, you get to keep these materials!

Cost:

\$115 per session
Progress Evaluations \$145
One-time Material Fee \$30

Payment Options (please check one):

- Pay per session*- You will be responsible for \$115 after every session, progress evaluation cost of \$145, and the one time material fee of \$30.

- Pay Upfront*- If you chose to pay for all 16 sessions and the progress evaluation all at once you will receive a 10% discount. You will be responsible for \$1,786.50 (saving you \$198.50!) plus the material fee of \$30.

- Care Credit*- You may apply online for a CareCredit card. It is used to pay for out-of-pocket medical expenses. Special financing options are available. No interest is charged on purchases of \$200 or more when you make the minimum monthly payments and pay the full amount due by the end of the promotional period (up to 12 months- about \$167/month which includes 16 VT sessions, progress evaluation, and material fee!)

I understand that I am responsible for the payment option selected above, and that ReVision Visual Training does NOT accept insurance for any vision therapy sessions or evaluations:
