Interval Throwing Program for: Returning Injured Position Players

- This interval throwing program is geared towards a progressive return to throwing for previously injured pitchers. This program outlines 60 days of throwing.

Soreness Rules	
If no soreness, advance to the next throwing day.	
If sore during warm-up but soreness is gone within the first 15 throws, repeat the previous workout.	
If shoulder becomes sore during the days' workout, stop and take 2 days off. Upon return to throwing, drop down one step.	
If sore more than 1 hour after throwing, or the next day, take 1 day off and repeat the most recent throwing program workout.	
If sore during warm-up and soreness continues through the first 15 throws, stop throwing and take 2 days off. Upon return to throwing, drop down to the previous day
