Dr. Alexis Furze FACIAL PLASTIC SURGERY OC

With double board certifications, Dr. Alexis D. Furze has performed over 10,000 nasal and sinus surgeries, using the most advanced surgical and non-surgical techniques to address nasal and sinus disorders. "I enjoy the challenge and complexity of the anatomy of the nose and face. The ability to dramatically improve patients' quality of life by treating disorders in this area drew me to the specialty," says Dr. Furze. "Transforming someone's ability to breathe and their appearance in the same surgery and sharing in their happiness after the healing process has taken place brings me great satisfaction." A Physician of Excellence, Dr. Furze received his medical degree from the University of Miami School of Medicine and completed his residency in Otolaryngology and Head and Neck Surgery at the University of Texas Southwestern. When not in surgical scrubs, Dr. Furze enjoys home remodeling projects and traveling with his wife and three energetic boys.
